PROJECTS

➢ **PORTFOLIO WEBSITE**

Designed and developed a responsive portfolio website using **Wordpress** show casing projects, skills, and experiences with an interactive and visually appealing layout.

➢ **WEATHER CLONE**

I developed a Weather Clone **using Html, Css, and JavaScript with AI assistance from Claude.ai and ChatGPT**. It provides real-time weather updates, displaying temperature, humidity, and wind speed.

➢ **ROOM FINDER**

I developed RoomFinder **using Html, Css, and JavaScript with AI assistance from Claude.ai and ChatGPT**. It helps users find rented rooms based on location with real-time listings and a user-friendly interface.
